LOCAL IMPACT SCHOLARSHIP PROGRAMME

The Local Impact Scholarship Programme gives talented young people from the Dutch Limburg region the opportunity to pursue a master's degree at **Maastricht University**, even when financial circumstances make this difficult. At the same time, it aims to retain local talent by giving these students the opportunity to build their future in the region. The programme supports students who were born and currently live in Limburg and need financial assistance to cover their tuition fees. Scholarships primarily support selected master's programmes at Maastricht University's **Faculty of Health, Medicine and Life Sciences (FHML)** and **Faculty of Science and Engineering (FSE)**.

HOW CAN YOU CONTRIBUTE

Donations from congress organisers and other partners help remove financial barriers to higher education and create opportunities for local talent.

By contributing, you help talented young people access higher education, strengthen their ties to the Dutch Limburg region and build their careers and lives in the region.

- **€3,500 covers tuition fees for a one-year master's programme**
- **€7,000 covers tuition fees for a two-year master's programme**

PARTIES INVOLVED

The Local Impact Scholarship Programme is executed by the **University Fund Limburg (UFL)/SWOL**, in cooperation with **Maastricht Convention Bureau**. The availability and number of new scholarships for a given academic year depend on the funding secured by November 30 each year. In December Maastricht Convention Bureau and UFL will make a final decision for offering new scholarships, including the selected faculties, in the next academic year.
